Work Experience

November 2025 - Present

Front-End Developer

Part Software group

Mashhad, Razavi Khorasan, Iran

Tasks and Achievements

Frontend Developer (Vue.js) responsible for developing and maintaining user-facing features using Vue.js and modern JavaScript. Contribute to component-based architecture, reusable design patterns, and design systems to build scalable and maintainable applications. Participate in refactoring and modernizing legacy codebases, improving code quality and maintainability. Collaborate closely with backend and product teams to deliver clean, performant, and well-structured frontend solutions aligned with business requirements.

September 2025 - October 2025

Front-End Intern

Part Software group

Mashhad, Razavi Khorasan, Iran

Tasks and Achievements

Reviewing front-end fundamentals and learning the basics of Vue.js, along with working with Pinia and Vue Router.

December 2019 - February 2020

Front-End Intern

MCI HUB

Isfahan, Iran

Tasks and Achievements

During this time, I became familiar with the basics of HTML, CSS, and Bootstrap, and designed several templates using them.

January 2021 - August 2021

Wordpress Developer

Bahar Leather

Bojnourd, North Khorasan , Iran

Tasks and Achievements

Designed an e-commerce website using Elementor and a pre-built template.

Certificates

June 2026
